

ART, HISTORY, Beauty, and Memories

October 10, 2019

Dear Web Site Visitor,

Thank you for visiting and taking the time to contact us. Your message will be forwarded to the person who can best answer your questions and reply to your comments.

We often receive emails asking about a particular item in the store and items offered for sale on a consignment basis, but have difficulty because not enough information is provided. If you are contacting us for either of these reasons please see the suggestions below.

Items Offered for Consignment

The store is not accepting consignment items at this time, but some of our dealers are. If you would like one of them to take your item on a consignment basis simply provide a description of the item and include a photo with your message. We will forward it to our dealers and if it matches a dealer's speciality they will get back to you.

Items Seen in the Store

If you are contacting us regarding an item you saw in our store we will be needing enough information to be able to locate it, one among thousands in our store, and reply to your inquiry. The following information will be most helpful:

1. Description of the item, for example, charcoal drawing of a woman.
2. Location of the item, for example, in the first room on the left in the basement.
3. Photo of the item, if you have one. A cell phone photo will do fine.
4. Information on the tag, if one is present. The dealer number in particular would be most helpful.

Including any or all of the information in your inquiry will help us locate it and be able to answer your question.

Again, thank you for contacting us.
